Banana-T Model Çift Açılır Şemsiye
Banana-T Model Double Umbrella

Tek ayak kullanımı, daha fazla şemsiye. Ortadaki tek bir ayağı ve yanlara açılan çift yandan direkli şemsiye ile kullanıcısına ferah bir alan sağlar. Aluminyum iskeleti, Avrupa kumaş ve tekerlekli ayağı ile sorunsuz bir kullanım sağlar.

Single-leg usage, more umbrellas. Providing a spacious area with its single central leg and dual side-pole umbrella openings, this design offers users ample room. Its aluminum framework, European fabric, and wheeled base ensure seamless usability.
