Yarasa Gazebo
Butterfly Gazebo

Pahalı konstruksiyonlar ve uzun üretim sürelerine tahamülü olmayanlar için en estetik çözüm. Mimari membran yapıları andıran görselliği, sağlam konstruksiyonu farklı renk ve kumaş seçenekleri ile yarasa gazebo gölgenin en doğal halini sizlere sunmaktadır. Delikli jüt kumaş ile rüzgarlı alanlarda dahi kullanılabilen, mermer ayağı ile ekstra bir montaja ihtiyaç duymayan ürün tamamen kullanıcı dostudur.

For those who cannot tolerate expensive constructions and lengthy production times, the most aesthetic solution is here. Resembling architectural membrane structures, the bat gazebo offers the most natural form of shade with its visual appeal, sturdy construction, and various color and fabric options. Crafted from perforated jute fabric, it can be used even in windy areas without requiring additional assembly due to its marble base. This product is entirely user-friendly.
